ABOUT US

Jyoti Enterprises is a trusted name in the manufacturing of block cover moulds, serving the construction, precast, and industrial sectors. With a commitment to innovation, precision, and durability, we deliver moulds that meet the highest industry standards.

WHY CHOOSE US?

Superior Quality Materials – We use superior quality of raw material.

Advanced Manufacturing Technology – Precision engineering with CNC machining.

Customization & Innovation – Designed to fit specific project needs.

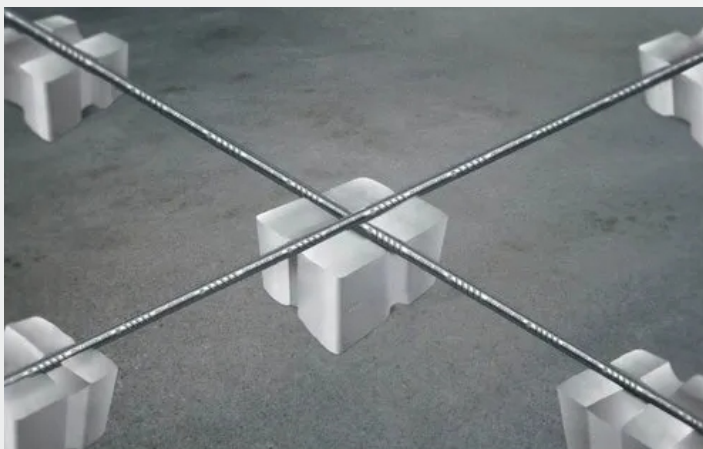

Timely Delivery – Reliable supply chain management.

Competitive Pricing – Cost-effective solutions without compromising quality.

WHAT IS A

COVER BLOCK

In construction, a cover block, also known as a concrete cover block or spacer block, is a small, precast block used to maintain a specified distance between the reinforcement (rebar) and the concrete formwork, ensuring adequate concrete cover and protecting the steel from corrosion and fire.
